# PRICE LIST

SEASON 1932

## ATLANTIC NURSERY CO.

BERLIN, MARYLAND

Members American Association of Nuresrymen.  
Members Society American S. A. F.

What a small amount will do  
To make your dreams come true  
And brighten the corner where you are.

This list is intended for those who have limited space and only want a few items. If you contemplate an extensive planting and need a good many trees and plants we will be pleased to price your list of wants. We grow forest tree seedlings of the leading varieties by the thousands, and if you wish to make a forest or wind-break panting, we will be pleased to quote on your requirements.

Our collection of Dahlias and Gladioli are noted all over the Eastern Shore. We have over two hundred varieties of each. You are welcome to come and see them in bloom. It will pay you well to do so.

If you do not see what you want in this little list, send us your list of wants and we will gladly quote you attractive prices.

No order booked for less than \$1.00. Cash with order, bank draft or express or postoffice money orders preferred.

## ONE DOLLAR BARGAINS, POSTPAID

If you love flowers, beautiful colors, suitable for all occasions, easy to grow, splendid keepers when cut, plant a quantity of Glads. Plant in full sunshine; any good garden soil will do; plant not over four inches deep.

"Gladiolus! wonderous color sprays,  
 Georgeous as the clouds in sunset's rays;  
 Endowed with charming form and dainty grace—  
 Spires of beauty towering into space;  
 Floreate clusters, guarding swords of green,  
 Crown yon natures' wonder and proclaim you Queen."  
 Stanley Tarp.

Dahlias and Gladiolus are specialties with us; we grow acres of them each year and have over two hundred varieties of each. We list only a few of the leaders. If you have any special variety or list you want, send it to us and we will quote you our special prices.

## DAHLIAS

Venus, creamy white, suffused lavender	.25
World's Best White, mammoth white	1.00

## HOW TO GROW DAHLIAS

Plant your dahlias in good garden soil, in full sunshine, where you can cultivate; do not plant too early—from middle of April to first of June is about right for most of our country. Lay the bulbs flat and plant four to six inches deep. Pulverized sheep manure or any good commercial potato fertilizer is good as a top dressing, worked into the ground around the plants. Plant Dahlias and you will have an abundance of beautiful cut flowers until killing frosts.

---

If you want Ornamentals in quantity send list of wants for prices.

## CHOICE ORNAMENTAL TREES

2 years or older, well rooted and branched.

		Each
Ash, White—Fine shade	6-8 ft.	\$1.50

**Plant Something and Plant Something every year.** In this way you do not miss the amount of cost and you accumulate a lot of material that grows rapidly in value and makes for comfort and happiness.

---

“Come my spade. There are no ancient gentlemen but gardeners, ditchers and grave makers, they hold up Adam’s profession.”—Hamlet.

# You Can Be A Gardener

**Y**OU MAY never be a painter, but you can be a gardener. With a little effort you can take a piece of unsightly brown earth for your canvas and put upon it a fairer scene than ever fell from painter's brush. This is not all. You stand in the very gateway of the Eternal beauty. You are a co-worker with God, with the great artist who paints life, who puts the resplendent bow on the brow of the storm, who tints the mountains of cloud with amber and amethyst as they stand sentinel by the dying day. Is it not wonderful that this artist of the Everlasting beauty will come down and work with you? You plant the seed and bulbs and wield the hoe, and the simple tool becomes as a wand in the hands of a king. You touch the earth and miracles of beauty spring up

“Plant the Peony, the Rose, the Dahlia and the Gladiolus and care for them, and lo, the silent gardener comes without noise or heraldry, and the blessed work goes on. Soon a thrill comes to you. You feel the honor of it, the glory of it—this partnership with Him who plants the splendors of the suns. Be liberal; this is nature's lesson. Plant in masses—have an abundance. One flower cannot represent the whole race. We gardeners are God's millionaires and don't know it. Wealth is not confined to getting gold. It comes in a thousand forms.

“We pass this way but once; let us beautify the paths as we go, so that the world may see which way we went.”
